Dr. Nick Basta, Director  
Environmental Science Graduate Program  
The Ohio State University

Dear Dr. Basta:

I am pleased to support Dr. XXXXXXXX's application to become a member of the Environmental Science Graduate Program Faculty. Dr. XXXXXX recently joined the Department of Food, Agricultural and Biological Engineering as a tenure-track assistant professor.

Dr. XXXXX is an established scholar with a strong record of publication and research. He is an expert in biophysical vegetation modeling and simulation, and terrestrial remote sensing. He is also planning to teach classes in the area of vegetation biophysics and terrestrial remote sensing that should be of interest to ESGP graduate students as they pursue their degrees.

Given the interdisciplinary nature of his research, I believe he is an excellent fit with ESGP. Please feel free to contact me if you have further questions regarding Dr. XXXXX's qualifications.

Sincerely,
