

ESGP Interdisciplinary Project Completion Form

Name:

Date:

Interdisciplinary Project title:

Abstract: Provide a summary that includes an introduction, objectives and hypotheses, methods, results and implications of your project (Limit 250 words).

Learning Outcomes: What new skills did you gain from completing this work? What were the most challenging aspects of the study? How did you approach and overcome these challenges?

Project Impact: What are the impacts of your major findings? How does this work advance the field? How will your project advance environmental science research and application? For example, will your study inform theory or inform the conservation, monitoring, management, reclamation or restoration of our ecosystems now or in the future?

Value of Interdisciplinary Project: What new skills and experiences did you gain from this project that you would not have otherwise? (Limit 100 words).

Professional Development: Did you present your Interdisciplinary Project at any conferences or outreach events? Please provide these in the following formats:

Professional Meetings:

Presentation Author and Co-Authors, Title of Oral Presentation/Poster. Session or Symposium Title. Conference Name. City, State (if USA), and Country (if outside USA) where the event occurred. Date.

Outreach Events:

Presentation Author and Co-Authors, Title of Presentation or description of how knowledge transfer occurred (Workshop, Information Table, Field Day, etc). Title of Event. City, State (if USA), and Country (if outside USA) where the event occurred. Number of Attendees. Date.

Publication: Have you published your Interdisciplinary Project, or is your project currently under review? If so, provide a citation and an ROI for published papers.

Advisor/Co-Advisor and SAC Member Signatures:

Signing signifies that all information stated above is complete and correct, and the Interdisciplinary Project requirement has been completed. (Kelly, here we would need fillable lines for them to sign and date).
