Environmental Sciences Graduate Program,

To whom it may concern:

I'm pleased to write a letter in support of Dr. Barb Wolfe for membership in the ESGP. She has been collaborating with members of the ESGP for nearly two years and is interested in the study of wildlife and ecosystem health, particularly as they relate to natural and human coupled systems.

Dr. Wolfe holds shared appointments with the Department of Veterinary Preventive Medicine, the Columbus Zoo and the Wilds, and the School of Environment and Natural Resources. Her students and her research interests would benefit from the resources and collaboration provided through the ESGP.

In conclusion, I believe Dr. Wolfe would make a great fit for your program. Should any questions arise, please don't hesitate to call me.

Yours truly,

A handwritten signature in blue ink, reading "W. J. A. Saville".

William JA Saville, DVM, Diplomate ACVIM, PhD
Professor and Chair
